IMPORTANT! - PLEASE READ

Most stock is sold bareroot. You may buy single plants or in lots of full bundles. Availability at sale is subject to prior sale and/or stock condition. As is customary in the wholesale nursery trade, we make **NO GUARANTEE** of any kind with respect to the survival and growth of our nursery stock. No returns or exchanges. Open to the public during this sale only. Please do not call ahead. Plant descriptions are of typical form; individual plant characteristics may vary.

Shrubs

Species	cost per plant	discount cost per bundle	plants per bundle
AMUR MAPLE (<i>Acer ginnala</i>) Very hardy, dense shrub with red summer fruit, fragrant flowers and brilliant scarlet-red fall color. Can prune to a small tree.	6.00	55.00	10
SASKATOON SERVICEBERRY (<i>Amelanchier alnifolia</i>) Masses of small white flowers. Red to orange fall foliage. Good wildlife food and erosion control. Fruit good for preserves or syrup. Native.	5.00	45.00	10
McKENZIE BLACK CHOKEBERRY (<i>Aronia melanocarpa</i> 'McKenzie') White spring flowers, glossy dark green leaves turn reddish orange to deep purple in fall. Dark purple fruit used in juice blends, preserves. Relatively pest and disease free.	5.00	45.00	10
JAPANESE BARBERRY (<i>Berberis thunbergii</i>) Hardy hedge plant, dense, rounded shrub. Rich red fall color, red berries hang on all winter.	3.00	25.00	10
SPICEBUSH (<i>Calycanthus floridus</i>) Reddish brown 2" blooms produce a fruity fragrance during spring/summer. Yellow fall foliage. Disease and pest resistant, adaptable to a variety of soils, sun or shade.	4.00	35.00	10
SIBERIAN PEASHRUB (<i>Caragana arborescens</i>) Very easy to grow drought tolerant shrub good for hot, dry areas. Yellow spring flowers.	4.00	35.00	10
TRUE MOUNTAIN MAHOGANY (<i>Cercocarpus montanus</i>) Semi-evergreen shrub useful on cold, dry sites. Interesting in bloom when silver-white feathery "tails" are present. Native from MT to NM.	3.00	25.00	10
JAPANESE FLOWERING QUINCE (<i>Chaenomeles japonica</i>) Early blooming with very bright red to orange flowers, glossy green leaves. Specimen plant or easily sheared to hedge. Tolerant of extremes in heat, cold and soils.	4.00	35.00	10
FLOWERING QUINCE VARIETIES (<i>Chaenomeles</i> var.) Jet Trail - White early spring blooms, glossy green leaves. Spitfire - Red blooms late winter, smaller upright habit. Texas Scarlet - Red flowers, compact spreading habit. Toyo-Nishiki - Pink, white and red blooms on the same plant. Upright growth habit.	4.00	35.00	10
SIBERIAN DOGWOOD (<i>Cornus alba sibirica</i>) Exceptionally colorful coral-red branches in winter. Extremely winter hardy.	5.00	45.00	10
SILKY DOGWOOD (<i>Cornus amomum</i>) Purple spreading branches. Leaves dark green. Yellowish white flowers.	4.00	35.00	10
CORNELIAN CHERRY DOGWOOD (<i>Cornus mas</i>) Specimen shrub, hedge or windbreak. Purplish red fall color, edible bright scarlet fruit.	4.00	35.00	10
REDSTONE CORNELIAN CHERRY DOGWOOD (<i>Cornus mas</i> 'Redstone') Early spring golden-yellow flowers, edible cherry-red fruit attracts wildlife or used in sauces, preserves and syrups. Mottled bark adds winter interest.	4.00	35.00	10
BLOODTWIG DOGWOOD (<i>Cornus sanguinea</i>) Dark red twigs in winter with reddish fall color. Very adaptable, transplants easily.	4.00	35.00	10
RED OSIER DOGWOOD (<i>Cornus sericea</i>) Colorful all year. Grows rapidly to multi-stem shrub. Ideal for holding soil on steep banks. NW native.	4.00	35.00	10
YELLOW TWIG DOGWOOD (<i>Cornus sericea</i> 'Flaviramea') Golden-yellow branches. Similar to Red Osier Dogwood.	4.00	35.00	10
PURPLE SMOKEBUSH (<i>Cotinus coggygria</i> 'Purpureus') Purple leaves crowned by puffs of feathery-smoky pink blooms, best leaf color in full sun. Drought tolerant.	5.00	45.00	10
HEDGE COTONEASTER (<i>Cotoneaster lucidus</i>) Spreading shrub. White blooms, bright red fruit. Red fall color.	5.00	45.00	10
SILVERBERRY, WOLF WILLOW (<i>Elaeagnus commutata</i>) Tiny fragrant flowers followed by silvery berries for the birds. Reddish brown stems, silvery leaves. Native to Northern Plains.	5.00	45.00	10

Conifers

Species	cost per plant	discount cost per bundle	plants per bundle
WHITE FIR (<i>Abies concolor</i>) Withstands heat and drought better than other firs. Soft silvery needles.	4.00	35.00	10
KOREAN FIR (<i>Abies koreana</i>) Highly ornamental, dark glossy green foliage. Compact small pine. Bright purple cones appear on young plants.	4.00	35.00	10
NORDMANN FIR (<i>Abies nordmanniana</i>) Densely branched from the ground up, 20' wide. Shiny, dark green needles, white to pale green beneath. Recommended species for commercial Christmas tree production.	4.00	35.00	10
ROCKY MOUNTAIN JUNIPER (<i>Juniperus scopulorum</i>) Rugged native, drought tolerant tree with silvery-blue foliage. Upright form.	4.00	35.00	10
EASTERN RED CEDAR (<i>Juniperus virginiana</i>) Densely pyramidal tree, easily pruned. Very well adapted to dry sites.	3.00	25.00	10
EUROPEAN LARCH (<i>Larix decidua</i>) Deciduous conifer with lighter green foliage than other Larch. Brilliant yellow and orange fall color. Fast growing.	3.00	25.00	10
AMERICAN LARCH (<i>Larix laricina</i>) Fast growth, narrow, conical form. Light green to blue-green foliage, bright yellow fall color.	3.00	25.00	10
JAPANESE LARCH (<i>Larix leptolepis</i>) Superior ornamental to all other Larch in cultivation. Red-brown exfoliating bark. Frequent bonsai subject. Deciduous conifer with fall color.	3.00	25.00	10
DAWN REDWOOD (<i>Metasequoia glyptostroboides</i>) Looks somewhat like our own Coast Redwood but with much smaller cones and soft bright green leaves. Light fall color. Very fast growing when young.	4.00	35.00	10
NORWAY SPRUCE (<i>Picea abies</i>) Very fast growing and cold hardy conifer. Excellent choice for windbreaks and screens.	4.00	35.00	10
WHITE SPRUCE (<i>Picea glauca</i>) Silver-green foliage on pendulous branches. Tolerant of wind, wet soils. Native to the northern U.S. and Canada.	3.00	25.00	10
BLACK HILLS SPRUCE (<i>Picea glauca densata</i>) Slow growing, compact tree. Bluish green foliage. Extremely hardy.	3.00	25.00	10
COLORADO BLUE SPRUCE (<i>Picea pungens glauca</i>) Popular ornamental spruce. Slow to moderate growth, branches to the ground.	4.00	35.00	10
MAJESTIC BLUE SPRUCE (<i>Picea pungens glauca</i> 'Majestic Blue') A special seed grown selection reported to have fast growth and over 90% blue color (not guaranteed).	5.00	45.00	10
SHORE PINE (<i>Pinus contorta contorta</i>) One of the best pines for small gardens. Deep rich green foliage. Adaptable to a wide range of soils and moisture. Pacific Coast native, from CA to AK.	4.00	35.00	10
ROCKY MOUNTAIN LODGEPOLE PINE (<i>Pinus contorta latifolia</i>) Tall slender tree with virtually no taper, thin bark with a clean trunk.	4.00	35.00	10
BOSNIAN PINE (<i>Pinus leucodermis</i>) Compact dwarf, growing 3-6" per year. Excellent for small gardens. One of Europe's most common ornamental pines. Well suited to dry or shallow soils.	4.00	35.00	10
SOUTHWESTERN WHITE PINE (<i>Pinus strobiformis</i>) A five needle pine, ornamental. Good for Christmas trees. Bright blue needles.	4.00	35.00	10
EASTERN WHITE PINE (<i>Pinus strobus</i>) Five needle Pine used for Christmas trees, windbreaks, wildlife habitat, landscaping. Fast growing, adaptable. Transplants easily in a wide range of soils.	4.00	35.00	10
SCOTCH PINE (<i>Pinus sylvestris</i>) Fast growing. Recommended for drier climates. Excellent Christmas tree.	4.00	35.00	10

Deciduous Trees

Species	cost per plant	discount cost per bundle	plants per bundle
BIG LEAF MAPLE (<i>Acer macrophyllum</i>) Big maple with big leaves. Native of West Coast including WA. Fast growing bright yellow to orange fall color.	3.00	25.00	10
JAPANESE MAPLE (<i>Acer palmatum</i>) Green-leaved, fall colors often turn brilliant shades of yellow to red. Ornamental.	5.00	45.00	10
RED JAPANESE MAPLE (<i>Acer palmatum</i> 'Atropurpureum') Red leafed, known for brilliant, season long, dark red leaf color which deepens in fall. Best growth when partially shaded and sheltered from intense sun and wind.	6.00	55.00	10
NORWAY MAPLE (<i>Acer platanoides</i>) Standard street and park tree, dense dark green foliage. Bright yellow autumn color. Very adaptable, tolerating many soil and climatic conditions.	4.00	35.00	10
RED MAPLE (<i>Acer rubrum</i>) Fast growing and cold hardy shade tree. Bright scarlet fall color.	4.00	35.00	10
SUN VALLEY RED MAPLE (<i>Acer rubrum</i> 'Sun Valley') Fast growing and cold hardy shade tree. Bright scarlet fall color.	6.00	55.00	10
SUGAR MAPLE (<i>Acer saccharum</i>) Large ornamental shade tree, famous fall foliage in shades of yellow, orange, red.	4.00	35.00	10
RED BUCKEYE (<i>Aesculus pavia</i>) Multi-trunk. Outstanding 6" red candle-like blooms in May. Prefers moist well-drained sites, tolerates partial shade. Pest resistant. Prune to a tree or shrub.	3.00	25.00	10
MOUNTAIN ALDER (<i>Alnus incana tenuifolia</i>) Superb ornamental for wet, cold locations. Dull green leaves, smooth gray bark. Useful landscape tree for difficult stream or pond sites.	4.00	35.00	10
RED ALDER (<i>Alnus rubra</i>) Fast, colonizing growth, forming thickets on disturbed sites within 5 years. Good for reclamation uses, wildlife browse/cover. Easily trained as an attractive ornamental specimen.	5.00	45.00	10
SPECKLED ALDER (<i>Alnus rugosa</i>) Northeastern North American native. Fast growth, in and around wetlands. Shrubby multi-trunk habit. Wildlife value.	4.00	35.00	10
RIVER BIRCH (<i>Betula nigra</i>) Absolute resistance to Bronze Birch Borer which attacks most other Birches. Dark cinnamon to light creamy brown bark peels in shaggy chunks. Excellent heat and cold tolerance. Withstands extended periods of flooding.	5.00	45.00	10
EUROPEAN WHITE BIRCH (<i>Betula pendula</i>) One of the most beautiful small landscape trees. Brilliant red or yellow fall color.	4.00	35.00	10
PAPER BIRCH (<i>Betula papyrifera</i>) Most ornamental of the native Birches. Bark is usually smooth chalk white and peels in papery layers, golden fall color. Also known as Canoe Birch.	6.00	55.00	10
JAPANESE WHITE BIRCH (<i>Betula platyphylla</i> 'Japonica') Pure white bark, shiny green leaves, yellow fall color. Tolerates summer heat better than European or Paper Birches. Fast growth.	5.00	45.00	10
COMMON HACKBERRY (<i>Celtis occidentalis</i>) Withstands heat, wind, much drought and alkaline soils. Deep rooted. Spreading crown.	3.00	25.00	10
KATSURA TREE (<i>Cercidiphyllum japonicum</i>) One of the most beautiful small landscape trees. Brilliant red or yellow fall color.	5.00	45.00	10
EASTERN REDBUD (<i>Cercis canadensis</i>) Small multi-stem tree with purplish pink flowers before leaves. Highly ornamental.	5.00	45.00	10
FLOWERING DOGWOOD (<i>Cornus florida</i>) White flowers, brilliant red fruit, scarlet autumn color. Performs best in high shade.	5.00	45.00	10
CHINESE KOUSSA DOGWOOD (<i>Cornus kousa</i> 'Chinensis') Wide spreading small tree. Showy white flowers with red edible fruit. Grows in sun or partial shade.	5.00	45.00	10
